

---

I'm sure we can all agree that Ben 10 is a fairly popular cartoon. It is also quite popular for video games as well. One of the most recent Ben 10 games just came out and it is called Ben 10: Ultimate Alien Cosmic Destruction. What makes this game so special? Well, the premise of the game is that it takes place during a really big battle against some big enemies from outer space, where you must travel through different dimensions to beat them. What's more, if you play online with your friends, there are some really wicked upgrades you can get to make yourself stronger and more powerful. So, the premise is a really big battle, which is cool. What else can you expect from this game? Well, for starters the graphics are really good and the action is really intense. This game also involves some strategy planning so you can get past some of these bad guys. In addition to that the characters are really detailed and have a lot of special moves that make them very interesting and fun to play with. The enemies in this game are also very interesting and they offer different challenges for each level you go through. Overall, Ben 10: Ultimate Alien Cosmic Destruction is a great game in terms of its action and in terms of how much time you will spend with it. If you enjoy fighting, fighting aliens, or fighting with dinosaurs, this game is for you. So, what are you waiting for? Get this game now and become stronger with its great action. <http://www.youtube.com/user/ben10ultimatealiencosmicdestruction> Ben 10: Ultimate Alien Cosmic Destruction is a 3D action-packed adventure game that takes place in the middle of a huge galactic battle where Ben Tennyson battles against some extra-terrestrial baddies in order to save the lives of the inhabitants of Earth caught in the crossfire. It is based on the Ben 10 franchise which is broadcasted by Cartoon Network in the United States and by Jetix overseas. The game was developed by High Voltage Software and published by D3 Publisher of America. It was released on October 5, 2010 in North America exclusively for the Xbox 360 where it received mixed reviews. Gameplay-wise, the game is presented in a third person perspective where players assume the control of Ben Tennyson himself as he travels through different dimensions to battle enemies using his Omnitrix to transform into different alien heroes each with their own unique powers that can be upgraded to provide additional abilities.

Ben 10: Ultimate Alien Cosmic Destruction has received mixed reception since its launch. IGN said that the game "isn't terrible, but it's nothing special." The reviewer adds that it's "an average action brawler with plenty of unlockables, but it doesn't do anything to stand out in the sea of other mediocre games available on XBLA." According to GameZone, the game is far from being perfect. However, the reviewer concludes that "There are some issues with Ben 10: Ultimate Alien Cosmic Destruction, but overall this is a solid title if you are a fan of brawlers. If you aren't into button mashing, then steer clear of this one. Otherwise you should have a good time.
